CURRICULUM VITAE

PERSONAL DETAILS

Surname/first name	**TUTINO/MATTEO, M.D.**
Date of birth	8th June, 1961
Place of birth	Palermo, Sicily
Gender	Male
Nationality	Italian
Marital Status	Married
Number of Children	Three
Address	VIA SAMMARTINO, 55 – 90141 – PALERMO – ITALIA
Telephone	+39.091.6622240
Mobile	+39.338.239.1424 / +39.393.3377557
Fax	+39.091.6055624
E-mail	matteotutino@me.com
Website	www.matteotutino.com
Passport	Passport number YB1625808, expiry date: 11/ Dec. /2027

LICENSE DETAILS

Italy	Ordine dei Medici di Palermo [Board of Physicians of Palermo]. 22, Via Rosario da Partanna, Palermo, 90100, Italy. Phone: +(39) (091) 6710220. Fax: +(39) (091) 6710401. Website: www.ordinemedicipa.it. E-mail: ordinepa@tin.it
Professional Status	Specialist in Plastic Surgery.
License/Registration Number	Nr. PA10189

QUALIFICATIONS/EDUCATION

Undergraduate	Salesian Institute,Don Bosco, Palermo.
Title and date of qualification awarded	03/11/87 (1981-1987) - **Diploma di Laurea in medicina e chirurgia** [Graduate in medicine and surgery], with a mark of 110/110 with first class honors and “award L.Orestano” for surgery.
Name and type of organization providing education and training	University of Palermo - Viale delle Scienze - 90128 Palermo - Italy. Secretariat of the President. Telephone +39 (091) 6552304. Fax: +39 (091) 6552304. E-mail: segrmedpres@unipa.it. Website: www.unipa.it.
Title and date of qualification awarded	1987/1988 - **Diploma di abilitazione all'esercizio della medicina e chirurgia** [Licence to practice].

Name and type of organization providing education and training	State Examining Commission of the University of Palermo.
Title and date of qualification awarded	11/92 - (1987-1992) - **Diploma di Medico Specialista in Chirurgia Plastica** [Diploma of Specialized Doctor in Plastic Surgery].
Name and type of organization providing education and training	University of Catania - 4, Via S. Lorenzo, 95131 Catania – Italy. Residency secretariat. Tel.+39 095 7307984. Fax: +39 0957307957. E-mail: specializzazione.areamedica@unict.it. http://www.medicina.unict.it.
Title and date of course attended	April 1992/September 1992 - Stage on Plastic Surgery.
Name and type of organization providing education and training	Masaryk University. Plastic and Microsurgery Center, **"Brno"** University Hospital, Czech Republic. Period spent as training during University of Catania Plastic-Surgery-Residency-Program.
Principal subjects, occupational skills covered by the study	Surgical Activity. The stage was focused on various reconstructive techniques. Microsurgery and Musculocutaneus Flaps.
Title and date of course attended	January 1994/November 1994 - Course in Plastic Surgery.
Name and type of organization providing education and training	Plastic Surgery Department, University of Alabama at Birmingham (USA).
Principal subjects, occupational skills covered by the study	The Fellowship was focused on "endoscopic craniofacial surgery". Exploration of intracranial structures endoscopically through minimal craniotomies. Tutino M. Plastic Reconstr Surg. 1996 Apr;97(5):1027-33.
Qualification	Researcher.
Title and date of course attended	November 1995 - Course in Plastic Surgery.
Name and type of organization providing education and training	Department of Plastic and Reconstructive Surgery, Gea Gonzalez Hospital, Mexico City. Chief: Dr. Fernando Oriz Monasterio.
Principal subjects, occupational skills covered by the study	Preparation of a draft project for "intracranial endoscopic osteotomies".
Qualification	Researcher.
Title and date of course attended	February 1996/March 1996 - Course in Plastic Surgery.
Name and type of organization providing education and training	**"Brno"** Plastic and Microsurgery Center, University Hospital, Czech Republic.

Principal subjects, occupational skills covered by the study	Research on “implementation of new surgical techniques and new approaches in endoscopic craniofacial surgery. Secondo project for the fulfillment of Endoscopic Osteotomy - Anatomical dissection of fresh cadavers.
Qualification	Researcher.
Title and date of course attended	**April 1997/September 1997 - Course in “Craniofacial Surgery”.**
Name and type of organization providing education and training	Department of Plastic and Reconstructive Surgery, Gea Gonzalez Hospital, Mexico City. Chief: Dr. Fernando Oriz Monasterio.
Principal subjects, occupational skills covered by the study	Surgical training on techniques of Craniofacial Surgery, patient management, clinical and basic research.
Qualification	Master Degree in Craniofacial Surgery.
Title and date of course attended	January 1997/February 1999 - Course in “Craniofacial Surgery”.
Name and type of organization providing education and training	Department of Surgery. Plastic Surgery, Neurosurgery and Craniofacial Surgery, Hospital Infantil De Mexico F. Gomez. Chiefs: Prof. Fernando Ortiz Monasterio, Prof. Fernando Chico, Prof. Enrique Ochoa.
Principal subjects, occupational skills covered by the study	Clinical fellowship, Research.
Qualification	Researcher in Plastic Surgery.
Title and date of course attended	February 1999/July 1999 - Course in “Plastic Surgery”.
Name and type of organization providing education and training	Albert Einstein College of Medicine, Montefiore Medical Center, New York - USA.
Principal subjects, occupational skills covered by the study	Surgical procedures and improvement of advanced craniofacial reconstructive technique, created by me during the research period. Completion of the research and final project of Intracranic Endoscopic Osteotomy.
Qualification	Clinical Craniofacial fellowship, Research.
Title and date of qualification awarded	Jannuary 2000/March 2000 - Stage on “Plastic and Cosmetic Surgery”.
Name and type of organization providing education and training	Hospital ABC (British American Caldwell). The American British Cowdray Medical Center, I.A.P. Sur 136 No. 116 Col. Las Américas 01120 México, D.F.

Principal subjects, occupational skills covered by the study	Fellowship on breast surgery reconstructive and aesthetic. Fellowship on breast, visage and abdomen surgery. Patient management.
Title and date of qualification awarded	2000, 2001, 2003.
Name and type of organization providing education and training	Obagi Clinic Beverly Hills (LA).
Principal subjects, occupational skills covered by the study	Fellowship in Skin Health Restoration.
JOB EXPERIENCES	
Date	1989
Name and address of employer	Department of Surgery, Palermo Military Hospital, 90129 Palermo, Italy
Occupation or position held	Military Doctor
Main activities and responsibilities	Assistant Surgeon
Type of business or sector	Military Health System
Date	03/1993-12/1997
Name and address of employer	Department of Plastic Surgery and burns Unit, Ferrarotto Hospital and Cannizzaro Hospital of Catania. Via Messina, 829, 95126 Catania, Italy
Occupation or position held	Consultant Plastic Surgeon with permanent contract.
Main activities and responsibilities	Assistant Surgeon
Type of business or sector	Public Health System
Date	12/1997-09/2012
Name and address of employer	Department of Head and neck surgery “ENT”, University of Palermo, Italy
Occupation or position held	Assistant Professor, Specialist in Plastic and Craniofacial Surgery,
Main activities and responsibilities	Surgical activity and plastic surgery expert advice for emergencies.
Type of business or sector	Military Health System
	2005-2012

Name and address of employer	Hospital S.Elia, Caltanissetta
Occupation or position held	Consultant of Plastic and Craniofacial Clinic
Main activities and responsibilities	Surgical activity and plastic surgery expert advice for emergencies.
Type of business or sector	Military Health System
Date	1999-2012
Name and address of employer	University of Palermo. Via Del Vespro 127 - Palermo
Occupation or position held	Consultant Plastic and Craniofacial Surgeon.
Main activities and responsibilities	Surgical activity. Responsible for outpatient services.
Type of business or sector	Public Health System
Date	2002-current
Name and address of employer	Ellman Educational Foundation, 3333 Royal Avenue Oceanside - New York.
Occupation or position held	Scientific Collaboration, Research and Development.
Main activities and responsibilities	Teaching of new techniques by the use of technologies and alloy between germanium and silver (advanced composition) of which I am co-inventor.
Type of business or sector	Private American Industry.
Date	January 2005-2012.
Name and address of employer	Sant'Elia Hospital, Via Luigi Russo,6 – 93100 - Caltanissetta. Neurosurgery: Director Dr. Natale Francaviglia.
Occupation or position held	Consultant Plastic Surgeon and Maxillofacial Surgery.
Main activities and responsibilities	Surgical activity, plastic surgery and maxillofacial surgery.
Type of business or sector	Public Health System
Date	October 2008-Maggio 2012
Name and address of employer	Senate of the Italian Republic.
Occupation or position held	Medical advisor

Main activities and responsibilities	Hygiene and Health Commission of the Senate of the Italian Republic.
Type of business or sector	Public Health System
Date	September 2009 - ……..201……..
Name and address of employer	General Military (Carabinieri) Command. Collaboration Agreement (Prot. Nr.1038 / 4-30) Rome.
Occupation or position held	Medical advisor.
Main activities and responsibilities	Medical advisor
Type of business or sector	Military Health System
Date	September 2013-current
Name and address of employer	Villa Sofia-Cervello Hospital.
Occupation or position held	Public Health System
Main activities and responsibilities	Consultant Plastic and Craniofacial Surgeon. Chairman of Plastic and Craniofacial Department.
Type of business or sector	Public Health System
Teachings/Collaborations/ Researches	
Date	January 1997-February 1999
Name and address of employer	Midas Rex, L.P. 3001 Race Street Forth, Texas.
Occupation or position held	Teacher. Inventor and scientific responsible of “Endoscopic Intracranial Osteotomy” project.
Main activities and responsibilities	Coordination of the project from the model utilizing animals, the dissection of corpses and to the clinical trial, operating patients using prototypes designed by me and manufactured by Midas Rex
Type of business or sector	Private American Company
Date	1998-current
Name and address of employer	Hospital Infantil de Mexico “Federico Gomez” Dr. Marquez nR. 162 Col. Doctores, Mexico DF.
Occupation or position held	Teacher. Researcher.

Main activities and responsibilities	Creator and manager of the project "Intracranial Endoscopic Osteotomy". Theoretical a practical training on mininvasive craniofacial surgical techniques within a priority project for the country and for above mentioned Pediatric Hospital.
Type of business or sector	Medical Institute of medical research, affiliated to the National Autonomous University of Mexico.
Date	1999-current
Name and address of employer	Pediatric Neurosurgery. Direttore Dr. James T Goodrich. Montefiore Medical Center, The Children Hospital. Bainbridge Avenue , Bronx, New York 10467-2490.
Occupation or position held	Researcher. Visiting Professor.
Main activities and responsibilities	Teaching the use of radio frequency applied to plastic and craniofacial surgery. Surgery for the correction of craniofacial deformities in developmental age.
Type of business or sector	Public Health System
Date	January 2002-current.
Name and address of employer	ELLMAN Educational Foundation, 3333 Royal Avenue Oceanside - New York
Occupation or position held	Researcher. Scientific collaboration.
Main activities and responsibilities	Teaching of new techniques by the use of alloy between germanium and silver of which I am co-inventor.
Type of business or sector	Private American Company.
Date	25-28 April 2002.
Name and address of employer	Istitute of Forensic Medicine, Masaryk University. Chief: Dr Miroslav Hirth. Tvrdèho 2a, CZ-602 Brno, Czech Republic.
Occupation or position held	Teacher.
Main activities and responsibilities	Teaching of endoscopic craniofacial and sinus surgery. Surgical dissection and development of innovative techniques on fresh cadavers.
Type of business or sector	Masaryk University.
Date	November 2006 - Current.
Name and address of employer	Faculty of Medicine, University of El-Mansura. El-Gomhouria Street, Egipt.
Occupation or position held	Teacher.

Main activities and responsibilities	Theoretical and practical training on reconstructive cranio-maxillo-facial surgery. Complex surgical procedures. Management of patients.
Type of business or sector	University.
Date	17 January - 26 January 2007.
Name and address of employer	University Hopsital of Santa Maria. Orthopedic and Trauma Center Unit, Santa Maria – Rio Grande, Brasile.
Occupation or position held	Teacher.
Main activities and responsibilities	Theoretical and practical training on the restoration of skin homeostasis and wounds with the Modus System. Clinical and surgical activity.
Type of business or sector	University.
Date	July 2007 - Current.
Name and address of employer	University of Milan. Master in Morphodynamics Aesthetic Surgery "Luigi Donati". Istituto Clinico Humanitas. Via Manzoni, 56 20089 - Rozzano (MI). Plastic Surgery Unit. Director: Prof. Marco Klinger
Occupation or position held	Teacher
Main activities and responsibilities	Theoretical and practical training in plastic surgery and on innovative techniques for facial rejuvenation.
Type of business or sector	University.
PRIVATE ACTIVITY	
1992-current	Private practice in Plastic, Maxillofacial and Aesthetic Surgery. Via Sammartino 55, 90141 Palermo, Italy.
Activity	Reconstructive and plastic surgery. Facelift. Laser Med-Care.
2003-current	Private practice at Centro Icas. Corso Umberto, 44 - Torino.
Activity	Reconstructive and plastic surgery. Facelift. Laser Med-Care.
January 2000-current	Private practice in "Studio medico di chirurgia plastica e medicina estetica". Via Sammartino, 55 - 90141 - Palermo.
Activity	Reconstructive and plastic surgery. Facelift, Laser Med-Care, Radiofrequency, botox and vistabex injection.
2003-current	Centro Icas. Corso Umberto, 44 - Torino.
Activity	Reconstructive and plastic surgery. Facelift. Laser Med-Care.
2003-current	Private practice in Rome. Via Prati della Farnesina, 67 - Roma.
Activity	Reconstructive and plastic surgery. Facelift. Laser Med-Care.
July 2004-2007	Private practice in Bruxelles. Avenue du Capitaine Piret 70, Bruxelles.

Activity	Reconstructive and plastic surgery. Facelift. Laser Med-Care.

ACCOMPLISHMENTS

Winner of public competitive examination	In March 1993 winner of the public competitive examination, for exams and aptitude tests, to the position of Consultant Plastic Surgeon at Ferrarotto Hospital (After named Cannizzaro), Catania, Italy. In September March 2013 winner of the public competitive examination, for exams and aptitude tests, to the position of Consultant Plastic Surgeon Chief at Villa Sofia Hospital, Catania, Italy.

ADDITIONAL INFORMATIONS

Personal skills and competences	I acquired through the clinical experience, the ability to assess the aesthetic damage. I got a deep knowledge of plastic surgery techniques both reconstructive and aesthetics. That allows me not only to judge the anatomical damage but also to evaluate the best technique to recover functional and aesthetic features. I often draw up specialistic medical reports for legal purposes where a specific knowledge of my matter is required. I also have the ability to quantify the biological and aesthetic damage.		
Languages			
Mother tongue(s)	Italian		
Other language(s)	English, Spanish, Albanian		
Self-assessment	**Understanding**	**Speaking**	**Writing**
Language (English**)**	Excellent	Excellent	Excellent
Language (Spanish**)**	Excellent	Excellent	Excellent
Language (Albanian)	Excellent	Excellent	Excellent
Language (French)	Very good	Very good	Good

Technical skills and competences

In the field of Biotechnology I have developed several techniques which find multiple clinical applications. In particular, it was possible to separate conjoined twins linked at the skull and brain through the use of an innovative alloy of which I am co-inventor and patent holder. Nowadays in maxillofacial surgery the use of this alloy represents the gold standard in operate on intra-oral and skull base pathologies.

In performing complex surgical procedures I have often used innovative technique to minimize patient stress and to reduce post-operative risk. I am also a precursor in having performed innovative Maxillofacial surgical techniques.

I was the first in the world to perform and publish the technique of "Intracranic Endoscopic Osteotomy". This issue has been published as the first original paper of the millennium in the journal "Annals of Plastic Surgery.

Organizational skills

I arrange both at my Medical Offices and also in Italian and foreign Universities (Egypt, Turkey, Slovakia) theoretical and practical courses on:

1. Facelift with one technique of mine, which use of multivitamins and melatonin
2. Techniques for restoring cellular functions during skin aging
3. Injection techniques of botulinum toxin type A, Vistabex
4. Clinical management technique of the patient using a multidisciplinary model
5. Medical office management techniques.

I have very good ability to conduct clinical and technological research projects.

Excellent skills in design, development and conduction of scientific projects, involving different countries' companies to create innovative techniques in biotechnology.

I have excellent surgical skills in performing very complex procedures which require a multidisciplinary approach.

My professional skills are expressed in clinical practice and in creating an aesthetic surgery performance with a complete harmony and ratio between the shapes.

My clinical accomplishments in aesthetic surgery allowed me to achieve academic award and to teach at many foreign University. Every year I am also invited to many international congress to present "Magistral Lecture", my clinical results, my clinical experiences.

Relational skills

I have excellent interpersonal and intercultural mediation skills. These have favored the design, development and the creation of the international project of “Inter-institutional dialogue and collaboration” between institutions of different countries including: University of Palermo; Albert Einstein College of Medicine of New York; Hospital Infantil "Federico Gomez" of Mexico and the National Autonomous University of Mexico.

By my surgical experience I acquired the ability to manage emotions and modulate my reactions in extreme emergency. I am able to manage difficult patient emotions and behaviors. I easily relate with people of different nationalities and cultures, being able to interpret and adapt communication and demands to different personalities, religion and culture.

In both my private and public activity I coordinate the multidisciplinary approach to the patient emphasizing the importance of each specialist area skill.

The Health Care Commission VI of Sicilian Regional Assembly required my scientific collaboration due to the excellent interpersonal skills and my experience in various medical and Biotechnological fields.

I have strong skills to co-ordinate multi-center clinical investigation and research teams. In fact, I was team leader of European projects presented in the 4th Framework Programme (SKINSAFE) in which seven European partners with different technical skills (industry, academia, biotechnology, marketing companies and the European Medical Association) were involved.

Other skills and competences

I am inventor of the following:

1. A method for the stabilization of Vit. C in the levorotatory form in the serum. That allowed me to treat various skin disorders such as post traumatic injuries, burns, sores and post-operative wounds for its remarkable ability to facilitate and accelerate the healing process.
2. A composition of creams with biological action to be used to restore DNA mitochondrial function, which finds application in cosmetic industry for either its curative and preventive action of cellular and skin aging. Its use in precancerous lesions has been published in journals, conferences and books of oncology.
3. A complex three molecular chemical compounds with the property to regulate melanina production and to uniform the skin color altered during the photo aging process.
4. A multivitamin complex with melatonin, able to regulate the cutaneous immune response and whose clinical outcomes find application in various fields of medicine, in anti aging medicine and cosmetology.

My ability to relate with patients and the resulting trust relationship allowed me to develop new technologies and carry projects whose results are being published.

Member of the Delegation of the VI Commission of Health of the Sicilian Parliament to New York and Mexico as expert in matter of Craniofacial Disorders (4-12 September, 1999).

Audition at the VI Commission of Health of the Sicilian Parliament, 13 May, 1999.

Magistral Lecture titled: The minimal invasive approach to Craniofacial Surgery" at the Hospital Petroleum Mexicans, Hospital of High Specialty. Mexico DF.
12 February, 1999.

Faculty Member, International Course of Craniofacial and Skull Base Surgery, University of Brno (Czech. Rep.), 8-13 June, 1999.

Faculty Member, International Course on Craniofacial Surgery and Trans facial approach to the Skull Base, University of St. Luis, 4 – 8 December, 1998.

Magistral Lecture titled: The minimal invasive approach to Craniofacial Surgery" at the Hospital Petroleum Mexicans, Hospital of High Specialty. Mexico DF. 12 February, 1999.

Congress of the European Society of Craniomaxillofacial Surgery, Helsinki, 1-4 September, 1998.

Congress of Craniofacial and Skull base Surgery, Cancun, 19-24 January, 1998.

Congress of the European Society of Pediatric Neurosurgery, Roma 21 September, 1997.

Endoscopy in Plastic Surgery, 20-21 October, 1995. Brno, Czech Republic (Teaching Course).

First Endoscopic Symposium in Plastic Surgery, 20-24 July, 1994, Birmingham, Al., USA.

Patents

European Patent Nr. 08 018 597.8 - Compositions Comprising Vitamins. Inventor: Matteo Tutino

Active electrode radio frequency for discectomy Microendoscopic discectomy. Inventors: Marika Tutino, Fernando Aurioles, Francesco Di Salvo, Matteo Tutino, Santina Di Salvo.

Patent Nr. PA2003 A000031 - Compositions containing L-ascorbic acid, stabilized for the dermatological and cosmetic treatment of skin and mucous membranes. Inventors: Tutino/Di Salvo.

Patent Nr. PA2004 A000001 - Compositions for the treatment of the skin, mucous membranes and serous. Inventors: Tutino/ DiSalvo.

Patent Nr. PCT: /IT 20042000727 - Compositions comprising vitamins and /or derivatives thereof stabilized with olea europea extract and /or Ionene polymers: Inventor Matteo Tutino - WO 2005/063195.

Patent Nr. PCT /IT2006/000464 : 19.June 2006 ; Molecular complex comprising arbutine, ascorbic acid, oleuropeina or derivatives thereof and related uses in medical field Inventor: Tutino Matteo.

Patent Nr. USA Patent Serial nr. 10/726,100. Silver Alloy for use in Surgical and Microsurgical instruments. Inventors: Di Salvo / Tutino.

Surgical Instruments which produce Far Infrared Radiations for the treatment of Biological Tissue. Inventors: Francesco Di Salvo/ Matteo Tutino.
